

Privacy Policy

Last updated: August 13, 2026

This Privacy Policy describes how the App **VULYK** handles information when you use our Android application.

1. Information We Collect

The App does not collect, sell, or share your personal information with third parties, except as necessary to provide features you explicitly request.

Depending on how you use the App **VULYK**, it may access:

- **Google account information** required to authenticate you with Google services.
- **Files selected by you** for upload to your Google Drive.
- **Google Drive access permissions** required to upload, create, or manage files that you explicitly choose to process.

The App only accesses information necessary for its intended functionality.

2. Google Account and Google Drive Access

The App **VULYK** may use Google authentication to allow you to sign in to your Google account and upload files to your Google Drive.

When you authorize the App, access is granted according to the permissions and scopes requested by the App. The App does not access your Google Drive unless you explicitly grant permission.

Files selected for upload are transferred directly to Google Drive using Google's services and APIs. We do not store copies of your files on our own servers.

3. How We Use Information

Information and permissions accessed by the App **VULYK** are used only to:

- Authenticate you with your Google account.
- Allow you to select files for upload.
- Upload selected files to your Google Drive.
- Provide the App's requested functionality.

We do not use your information for advertising, profiling, or marketing purposes.

4. Data Sharing

We do not sell, rent, or share your personal information with third parties.

Your selected files and related data may be transmitted to Google when you use the Google Drive upload functionality. Such processing is subject to Google's applicable privacy policies and terms.

5. Data Storage

The App does not operate its own server for storing your Google account data or uploaded files.

Files uploaded through the App **VULYK** are stored in your Google Drive account according to your Google account settings. Authentication information is handled using Google's and Android's secure authentication mechanisms.

6. Data Security

We take reasonable measures to protect information processed by the App. Authentication and access to Google services are handled using secure mechanisms provided by Android and Google.

However, no method of electronic transmission or storage is completely secure.

7. Third-Party Services

The App may use Google services, including Google Sign-In, Google Identity services, and the Google Drive API.

These services may process information according to their own privacy policies.

8. Children's Privacy

The App is not intended to knowingly collect personal information from children. We do not knowingly collect personal information from users under the age required by applicable law without appropriate consent.

9. Your Choices and Control

You can control the App's access to your Google account through your Google account settings.

You may revoke the App's access permissions at any time through your Google account security settings. You may also uninstall the App from your Android device.

10. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Any changes will be posted in the App or at the location where this Privacy Policy is published. The "Last updated" date will be revised accordingly.

11. Contact Us

If you have questions about this Privacy Policy or how the App handles your information, please contact us:
